

# *Governance Implementation and Migration Planning Team*

---

## All Project Initiatives

*Week Two*

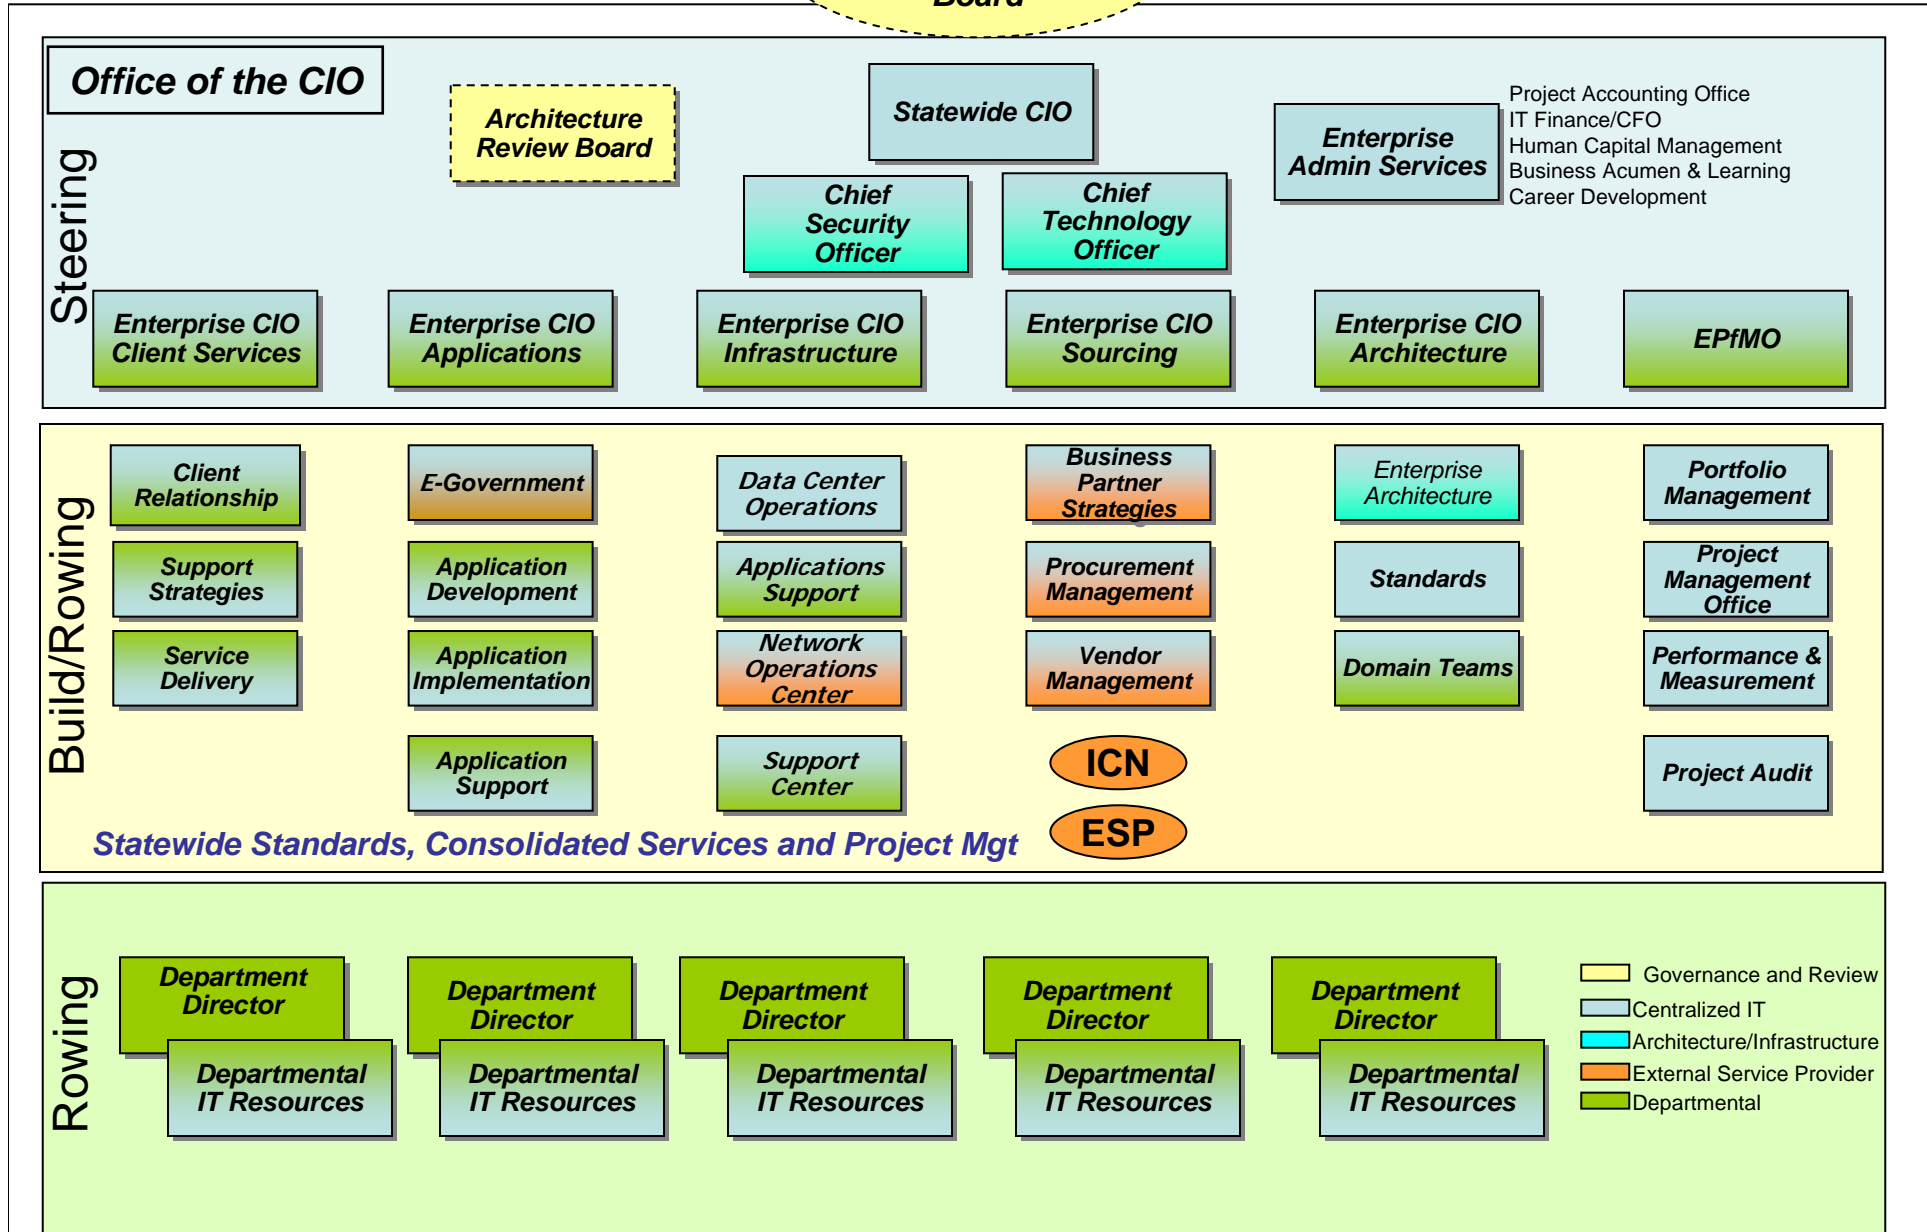

## Recap - Impetus for the study (House File 534):

The Legislature is looking for Value from Information Technology investments, to be more responsive, and cost effective by asking...

- *How can investments in technology add maximum value to the State?*
- *How can we increase cost effectiveness on a statewide basis?*
- *How can we provide a greater focus on the core mission of the State?*
- *How can we effectively manage scarce resources and improve service delivery?*

## Alternative 2: Service Provider Model

### Enterprise Investment Governance Board

# Service Provider Key Highlights

- Governance Board
- Architecture Review Board
- Establish Office of the CIO with:
  - *Statewide CIO*
  - *Statewide CTO*
  - *Statewide CISO*
  - *Enterprise level CIO's*
- Nobody Moves (Other than CIO's); IT personnel transferred to IT Dept. (except non-enterprise application developers)
- Rate Schedule to be Developed for Interdepartmental Services
- Centralize IT procurement
- ICN manages WAN, CAN and LAN
- IT Department manages all hardware (except Network - ICN)
- JFHQ primary for data center/server farm; Ames DOT backup site
- IWD and Hoover data centers for file and print services only

## Service Provider Initiative: #1 Governance

**1. Establish A Technology Governance Board (TGB)** to evaluate and prioritize statewide IT spending and project requests: There is currently no clear, consistent methodology to evaluate the merits of information technology projects on a statewide basis. We recommend a board with specific statewide authority for all new Information Technology initiatives (projects) desired by all Executive Branch Departments and a more formal business case review process and measurements than the current Information Technology Council.

# Coeur Deliverables

1. Workshops include:
  - o *Review recommended initiative*
  - o *Mission Statement*
  - o *Weekly Status Report*
2. Develop Risk Assessment
3. Cultural considerations
4. Develop Project Plan
  - o *Define key activities*
  - o *Define event horizons*
  - o *Define milestones and expected outputs*
  - o *Define implementation cost elements*
5. Develop and deliver presentation for Governor

# Team Deliverables by January 11, 2005

- Conduct workshops

- *Week 1 – launch project, including:*

- Understand recommendation, Select team chair, Write team mission, Identify key activities required to implement the recommendation

- *Week 2 – “flesh out” activities, considering:*

- Categorization of key activities
    - Risk, impediments, event horizon, culture, implementation cost, etc.

- *Week 3– draft presentation package*

- *Week 4 – complete presentation package*

- Develop key activities plan and framework for recommendations
- Create a presentation package for Governor Vilsack describing the recommended course of action

# Team Chair Responsibilities

1. Collaborate on weekly status report
2. Coordinate Team activities
3. Act as a spokesperson for the group
4. Liaison to Iowa Project Management (Wes Hunsberger)
5. Responsible for joint presentations

# Agenda

Project Workshop December 14 <sup>th</sup>		
Time	Agenda Item	Assignment
15 minutes	Recap Mission Statement	Coeur Group
30 minutes	Categorize key activities	All
120 minutes	“Flesh out” key activities	All
15 minutes	Wrap up	Coeur Group

# Mission Statement

---

# Mission Statement

## Governance Implementation & Migration Team

- The Technology Governance Implementation & Migration team will provide a design and an implementation plan for the establishment of the Technology Governance Board for approval by the Governor.
- The implementation plan will enable development of a Technology Governance Board, and key processes that will evaluate and prioritize statewide IT spending and project requests.

# Key Activities

---

# Identified Activities

- Go to spreadsheet.
- Assignment –
  - *Review each category's entries. (Pre- and post implementation). Adjust as needed. Eliminate / clarify as needed.*
  - *Allocated time is 30 minutes*

# Activity Template

- Go to activity template.
- Assignment –
  - *Prepare an activity description and other data for all 'pre'-implementation activities.*
  - *Allocated time is 60 minutes*

# Activity Worksheet - Believable, Unique, Defensible?

**Key Activity:**

**Description**

**Priority (H, M, L)**

**Risk (L, M, H)**

**Incremental Cost (\$000's)**

**Time to Complete (months)**

**Considerations and Mitigation Approach (n/a if not applicable)**

**Legislative:**

**Administrative:**

**Cultural:**

**Dependencies on other groups:**
